A Note about Program Correlations

This document includes correlations to seven popular faith formation programs. The chart of correlations is a handy, at-a-glance guide that shows you how each *Expand the Experience* activity aligns with the theme of each session or chapter of your published program. Be sure to check the copyright date provided at the top of the chart against the edition you are using. As programs are revised, we will provide updated correlations online at **www.loyolapress.com/expand**.

The numbers within the chart provide session or chapter numbers, not specific page numbers. This offers you the freedom to use a card that will expand on any part of the session or chapter you are using.
